Unity through a shared journey

A scenic landscape featuring a river flowing through a valley. On the left, a large tree with green leaves frames the view. On the right, another tree is partially visible. In the distance, a stone archway is set into a rocky hillside. The scene is bathed in a warm, golden light, suggesting sunrise or sunset, with rays of light filtering through the trees and the archway. The overall atmosphere is peaceful and mysterious.

For ages 13-17

PC and Console

Not everything is what it appears to be...

Gameplay

- Control three dragons
 - Co-Op or Solo
 - Character swapping
- Solve problems together
 - Each character matters
 - Elemental and character abilities
- Spyro meets Journey

Single purchase

Price: 10-20€, depends
on game length
